Shared innovation

PURCHASING AT THE HEART OF BOUYGUES CONSTRUCTION'S 'RESPONSIBLE AND COMMITTED' SUSTAINABLE DEVELOPMENT

Bouygues Construction Purchasing is actively involved in Bouygues Construction's sustainability approach, called 'Responsible and Committed', with the ambition of controlling the environmental, social and economic impacts of its supply chain.

Through a policy and the aims of Responsible Purchasing in France and abroad, our buyers are directly concerned. In this newsletter, you can find out about everything we do concerning CSR for you.
